

TeamMate 360:

TeamMate 360:

Elisa Duran

Architect of
ARQUINATUR

*"Teammate360 has become a
fundamental tool in my work"*

Elisa Duran, Arquinatur

Summary

This case study shows the utility of the tool TeamMate360.

As an architect with a long career, not only locally but also nationally we work with remote teams

Challenges

Elisa said "We are trying to extend our network of clients throughout Spain so Compañero360 is a useful tool to achieve our goals"

T360 Assessment

Elisa explains that this experience of TeamMate 360 was very useful, because it has allowed you to use an online work tool.

The Outcome

To-date , Elisa Duran has been able to use TeamMate 360 with his team and the with new colleagues with whom she has created a network

Results and Future Plans

Elisa Duran believes that she can implement the work tool throughout her network. Using this tool as a fixed methodology of work

“

“I think that this work tool can be useful for other small architecture studies”

Elisa Duran, Arquinatur

Teammate 360 is a project funded by the Erasmus+ programme.

The project aims to help managers and enterprises involved in the management of remote workers and virtual teams.

During the project, managers completed a 360-degree skill assessment and took part in a course called The Remote Manager.
