We have a number of clients contacted waiting to do the Teammate360

Results and Future Plans

We would like to continue implementing the T360 evaluation in other departments of our cooperative. For us, continuous improvement and internal evaluation are two fundamental pillars.

Teammate 360 is a project funded by the Erasmus+ programme.

The project aims to help managers and enterprises involved in the management of remote workers and virtual teams.

During the project, managers completed a 360-degree skill assessment and took part in a course called The Remote Manager.
