Results and Future Plans

We would like to continue implementing the T360 with future remote teams which I work, considering Teammate360 as one more tool of my work.

"T360 provides us with a useful and simple tool to evaluate key aspects of our organization such as internal communication and the development of improvement plans"

Ana Latorre, Business Coach

Teammate 360 is a project funded by the Erasmus+ programme.

The project aims to help managers and enterprises involved in the management of remote workers and virtual teams.

During the project, managers completed a 360-degree skill assessment and took part in a course called The Remote Manager.
