TeamMate 360:

Organisation:

**IULM, International
Affairs/Roberto Razeto**

*"Our goal is to go global. Remote
teamwork is a natural component
of this development"*

<Mr. Roberto Razeto >

Background

The International Affairs Office is a newly created unit within Iulm, a dynamic private university based in Milan, Italy. The unit's mission is to enhance the institution's overall international exposure in teaching and research.

T360 Assessment

Mr. Roberto Razeto, in his capacity of manager has performed his self-assessment, while team members ms. Paola Mandelli and Mr. Francesco Orro have completed the T360 assessments.

The Outcome

The T360 assessment was performed during the fall/winter 2018. Assessors were selected since they are part of the core team and perform part of their work in remote. They, in fact, often travel across the globe to meet with partner institutions or to sign new partnership agreements.

Mr. Roberto Razeto

Results and future plans

The evaluation performed through Teammate360 displayed that the manager's self-assessment and the team members' assessments were pretty much aligned, especially in the areas of "team planning" and "exploiting technology". Future plans include specific training for core staff so to sharpen the capacity to work remotely from a number of locations.

Teammate 360 is a project funded by the Erasmus+ programme.

The project aims to help managers and enterprises involved in the management of remote workers and virtual teams.

During the project, managers completed a 360-degree skill assessment and took part in a course called The Remote Manager.
